Capital	1	5 575 995
Original capital (Tier 1)	2	4 188 990
Paid up authorized capital incorporated in the trade register	3	769 004
Treasury stock	4	
Issue premium	5	411 545
General reserve and retained income	6	3 134 472
Required reserve	7	153 801
Other reserve from division of the profits	8	
Undivided profit from previous period	9	2 980 671
Profit for fiscal period after taxation	10	
Unrecovered loss from previous period	11	
Final exchange rate differences from consolidation	12	
Profit for common fiscal period	13	
Loss for common fiscal period	14	
Net profit for capitalization of future incomes from securing	15	
Profit/loss from evaluation of the liabilities in RH by virtue from credit risk	16	
Other exemptions from the original capital	17	-126 030
Goodwill	18	
Intangible asset other from goodwill	19	-69 024
Negative evaluation difference from the changes of RH capital instruments	20	-57 006
Participating CP issued by the person with qualified share in the bank	21	
Hybrid instruments total	22	0
Hybrid instruments taken into account in the amount of original capital	23	
Hybrid instruments taken into account to 35% of original capital	24	
Hybrid instruments taken into account to 15% of original capital	25	
Additional capital (Tier 2)	26	1 387 005
Main additional capital - balance in covering ocular credit losses by IRB	27	0
Surplus in covering the expected credit losses by IRB	28	
Exceeding the limits for hybrid instruments	29	
Side additional capital	30	1 387 005
Subordinate debt A	31	1 387 005
Positive evaluation difference from changes RH realized stock and allotments certificates	32	
Exemptions from original and additional capital (Tier1+Tier2)	33	0
Capital investments above 10% to banks and other financial institutions	34	
Capital investments above 10 % to insurance companies	35	
Capital investments to 10 % to institutions and financial institutions	36	
Important prospective modifications by the market evaluation n. Evaluation model	37	
Exposure from securing with risk weight 1250%	38	
Absence in covering the expected credit losses by IRB	39	
Reinforcement of other than important prospective modifications above subordinate debt B	40	
Deduction by the free supplies	41	
Capital for covering the market risk (Tier 3)	42	
Subordinate debt B	43	
Other than important prospective modifications by market evaluation or evaluation model	44
